

Bishop Hall Jubilee School
Report on the Use of the Promotion of Reading Grant
2024-2025 School Year

Part 1: Evaluation of Effectiveness

1. Evaluation of achievement of the objectives: (e.g. reading culture of the whole school, students' reading attitude, book borrowing situation and students' engagement in reading activities)

The library continues to provide access to a wide range of e-books, e-newspapers, e-magazines and Wisers' Wisenews for the students to read. Monthly thematic book display has been continued to carry out based on the theme selected by subject panel heads. The library also displays new books regularly in order to attract our readers to borrow books from the library. Reading circles were carried out throughout the year to nurture the reading culture in school. The author's talk was organized to arouse the students' interest in various topics of books. Book fairs were organized to stimulate reading habits among students.

2. Evaluation of strategies: (e.g. implementing diversified and motivating activities to promote reading, reading across the curriculum and home school co-operation)

The evaluation of the author talk held this year was good. Both students and teachers found the contents useful and can help students to have a better understanding of the working environment of a psychiatrist. The library continued to organize the book purchase tour this year, students found this activity interesting because they could purchase the books they love to read, and they can also know more genre of books during the tour. Teachers also found this event useful as they could have a better understanding of the reading habits and the types of books that our students love to read.

Part 2: Financial Report

	Item *	Actual expenses (\$)
