**Study Tour: Pottery Art, Heritage and Culture in Jiangxi**

26 - 29 March 2018

Our school joined the Mainland Exchange Program, namely “Pottery Art, Heritage and Culture in Jiangxi”, between 26th and 29th March 2018. We visited Nanchang (the capital of Jiangxi Province), Jingdezhen (known as the "Porcelain Capital of China") and Wuyuan County (known for China's most beautiful countryside). It was a very fruitful trip which deepens students' understanding of the history, culture, customs, urban/rural developments as well as nature conservation issues in the Mainland.
