## Quality Schools in Hong Kong (QSHK) Taiwan Exchange Tour

優質學校在香港--中學台灣交流團 **21-24 April 2019**

Three student leaders joined the Taiwan exchange programme organised by CUHK from 21-24 April.

During the trip to **Taipei** and **Hsinchu**, students lived with host families and attended lessons in a Taiwanese secondary school. They also participated in services organised by the **Genesis Social Welfare Foundation** to help patients in vegetative states. Besides these activities, the students learned more about Taiwan's environmental and economic development through various visits. These precious experiences broadened our students' horizons, who also learnt invaluable life lessons.
